Find climate solutions waiting below the surface

The Problem

Every five seconds a scientific research paper is published. In this sea of knowledge, countless promising innovations risk being overlooked. Innovation relies on visibility, networks and self-selection; valuable discoveries never reach investors or industry.

Who uses **alma**?

Venture Builders
Investors and Venture Capitalists
Corporates
Universities and Tech Transfer Offices (TTOs)
Philanthropic Organisations
Public Bodies

Partnership collaborations

We've run a number of successful pilot projects with the following collaborators. Curious what alma could do for you, or want to see the platform in action? Get in touch via the details above.

The Solution: **alma**

alma is an AI-powered discovery platform that uncovers overlooked research with the potential to solve the world's greatest sustainability challenges. It connects ground-breaking research with the people and organisations that can accelerate its impact.

Why **alma**?

50× faster than manual discovery

Global reach: search beyond
your network

See what others miss: expand who
and what gets seen

Informed decisions: prioritise high-
impact innovation

Challenge agnostic: find solutions
across disciplines
